Career History :

Hülya Yücel was born at Hacıbektaş in 1963. After completing primary and secondary school in Hacıbektaş, she study Art Teaching at Gümf. (1980 - 1984). Between 1984 and 2005, she worked as an art teacher in various places of Turkey, introducing students with art and holding exhibitions. She retired at 2007, started working in ÇAHM as an art teacher. Her love for art and talent as an artist made impact and made her acknowledged. Especially her watercolor art stood out. Believing only one technique cannot contain her passion, she study waxy batik, which was not very common. Oil painting was not suitable for her desires, it took too long to dry. Her fast pace lead her to acrylic painting. Combining acrylic painting and relief technique, she express herself with a unique way. She also used various techniques combined for her art such as using mirrors and beads on acrylic paintings as collage art. Even though she used many techniques, her unique style has stood out. Believing in arts unifying power, she share her new experiments with her students. She participated in more than 70 exhibitions and workshops both domestic and abroad. She also hold her own exhibitions 11 times.
